

# Atlanta Clinical and Translational Science Institute (ACTSI)

Clinical Research Network (CRN) and Pediatrics Programs (Pediatrics)

Emory University Hospital, Emory University Hospital Midtown, Grady Memorial Hospital, Children's Healthcare of Atlanta

Service Center Cost Recovery Policy

Protocols that receive research study support from the ACTSI are subject to fees according to the published cost recovery model on the ACTSI website. Fees should be used for budget development to justify requests for support of studies being conducted at the adult and pediatric CRN sites throughout Atlanta. The fee schedule is updated annually. Investigators with SAC approved protocols will be charged the published rate at the time service is provided

Policy Version 2.2, Effective January 1, 2016

# ACTSI Clinical Research Service Center
