

sky

Join researchers and clinicians from across the Georgia CTSA for a session on **Brain Health and COVID 19**.

Blue Sky Groups are unstructured meetings that provide a unique opportunity for attendees to drive the agenda as well as utilize the session as a catalyst for future collaborations and research opportunities.

Discussion topics may include, but not limited to:

- Impact of COVID-19 on brain health and possible long term neurological consequences.
- What are some Ideas for cross-institutional collaborative research projects in this space?

Share your experience, learn from others, enjoy opportunities for interdisciplinary networking and find potential collaborators!

When:

May 4, 2020

2:00 - 3:15 PM

Where:

ZOOM
