

**Now Accepting Applications for the 2020
Planning for Success Course**

The Center for AIDS Research at Emory University (CFAR) is now accepting applications for the CFAR's 2nd annual *Planning for Success* (PfS) NIH R-level Grant Writing course.

The course will be held online and is open to faculty from Emory University, HBCUs in the Southeast, and all CFARs.

The course is designed to help investigators who have either never submitted or never successfully competed for an HIV-related NIH R-level application (e.g. R01) and are interested in building careers in HIV-related clinical, social/behavioral, virological, or immunological research.

Key Information:

- Each session will cover a different aspect of writing an NIH R-level proposal that meets the NIH Office of AIDS Research's "High Priority topics for research using AIDS funding" requirements.
- Fellows will workshop sections of their own proposals during every PfS session, with a goal of completing a full draft of their proposal by the end of the fellowship.

PfS will meet monthly online. Fellows must commit to participating in every session.

More information, the schedule, and a link to the application form can be found:

- Here: <http://www.cfar.emory.edu/services/cores/dev/PfS.php>
- or by pointing your camera at this QR code
- or by emailing Laura Donnelly at ldonnel@emory.edu

**Registration Deadline:
October 25, 2019**

***Are you interested in
building a career as
an NIH-funded HIV
researcher?***

***Would you like to
learn how to write an
NIH HIV-related R-level
grant while drafting
one for submission?***

***Can you commit to
attending virtual
meetings on the
2nd Tuesday of
the month,
2:00 – 4:00pm ET?***

Apply Now!

***REVIEWS FROM THE
FIRST COHORT***

"This course really helped me build my skills in writing a grant that is competitive for NIH AIDS dollars."

"The feedback from my colleagues was very helpful."
