

Georgia CTSA Translational Workforce Development Announces Online Course Catalog with Free Trainings for Clinical Research Professionals

The Georgia Clinical and Translational Science Alliance (Georgia CTSA) and the University of Southern California Clinical and Translational Science Institute (SC CTSI) are collaborating on an exciting new educational venture geared toward clinical research professionals at every stage of their professional development. We have created a new Online Course Catalog with [free course and program offerings](#) available to clinical research professionals and principal investigators. These courses and programs are created and vetted by experts in cross-disciplinary fields such as instructional design, technology, workforce development, regulatory science, clinical and translational science, and operations.

“We are fortunate to partner with USC SC CTSI to bring such a broad offering of high-quality trainings to our clinical research professionals.”

Linda McCauley, RN, PhD, Program Director, Georgia CTSA Translational Workforce Development, and Dean of the Nell Hodgson Woodruff School of Nursing, Emory University

“This joint effort between Georgia CTSA and SC CTSI will create a wonderful resource to support training and career development of clinical research professionals at all levels. It will be a game changer, especially for people working in an academic setting.”

Thomas Buchanan, MD, Director/Principal Investigator, SC CTSI

“It has been a pleasure to partner with Georgia CTSA team in our common goal to promote life-long learning for the clinical research workforce.”

Eunjoon Pacifici, PharmD, PhD, Chair and Associate Professor, Department of Regulatory and Quality Sciences, Associate Director, DK Kim International Center for Regulatory Science, USC School of Pharmacy

Participants earn a certificate or badge with contact hours (continuing education – CE) from an accredited provider upon completion of a course or a program (series of courses). Contact hours can be used to meet requirements for CRP certification renewal.

Free, one-time registration to the Georgia CTSA Online Course Catalog is available to the first 400 registrants. Registration provides unlimited access to all courses and programs in the Georgia CTSA Online Course Catalog. View the [Online Course Catalog](#) to get started.

The first program, *Legal Aspects for Conducting Clinical Trials*, is comprised of six (6) courses. Individual courses in all programs receive a certificate, and completing the program earns a badge. The second program, *Clinical Trials with Medical Devices*, is comprised of seven (7) courses of which completion of five (5) of the seven (7) courses will earn a badge. Be sure to check out the dashboard features as you build your professional career.

Stay Tuned for More Courses and Programs as We Develop This Free Online Course Catalog!
