

Join researchers and clinicians from across the Georgia CTSA for a session on **Spatial Biology**.

Blue Sky Groups are unstructured meetings that provide a unique opportunity for attendees to drive the agenda and catalyze future collaborations and research opportunities.

The discussion will be opened by **Dr. Yana Zavros**, a leading researcher in the department of Interdisciplinary Biomedical Sciences. Discussion topics may include, but are not limited to:

- What are the burning issues in this area?
- What are the known funding opportunities?
- What are the cross-institutional collaborative research opportunities in this space?

Share your experience, learn from others, enjoy opportunities for interdisciplinary networking and find potential collaborators!

**When:**  
September 18<sup>th</sup>, 2025  
11:00 AM -12:30 PM

**Where:**  
**ZOOM**  
(link in registration)
