

The Fundamentals of Foundation Funding

The goals of this workshop are to familiarize faculty with foundation funding and learn successful strategies for approaching and securing foundation funding.

This virtual event will include:

1. Information on working with foundation funders
2. Presentations from representatives of foundations, including **Robert Wood Johnson Foundation, Cystic Fibrosis Foundation, Alzheimer's Association, Rally Foundation for Childhood Cancer Research, and the American Heart Association**
3. Advice from faculty members who have received funding from these foundations

Hear tips for future funding applications, enjoy opportunities to learn from your colleagues, and identify potential funders!

When:

September 4th, 2025
3:00 PM
