

# Study Participants Needed

## Healthy Volunteers needed for Flu Vaccine Study

**Who?** Healthy males and non-pregnant females between 18 and 64 years of age.

**Why?** We are studying immune responses to Flu vaccination in blood and bone marrow.

**Where?** All study visits will be held in a clinical research unit at Emory University Hospital.

**What?** Participants will have health screenings, blood draws, lab tests, bone marrow sampling, and physical exams by licensed health professionals prior to and after receiving an FDA-approved flu vaccine.

There will be a total of 8 study visits over a year, including three (3) bone marrow draws/aspirates at the Day 0, Day 28, and Day 365 visits.

Participants will be compensated up to a total of \$950 for completion of all scheduled study visits. Participants will receive parking vouchers.
