**RE: GCRCs Unassisted Facility Fee Waived for All Active Studies**

Dear Investigator and Study Team,

We are delighted you have chosen to utilize the Georgia CTSA Clinical Research Centers (GCRCs) services to aid in the support of your research project.

The GCRCs team is always looking for new ways to improve and better serve our clinical research community. This includes periodically reviewing our expenses and fee schedules. I am pleased to announce, with the support of Emory School of Medicine (SOM), the GCRCs locations at Emory University Hospital, Emory University Hospital Midtown, and Grady Memorial Hospital will no longer be assessing a cost for Unassisted Facility Fee, effective July 1, 2021.

We will soon be posting on [GeorgiaCTSA.org](http://GeorgiaCTSA.org) the latest version of the approved Fee Schedule which will contain the updates on all GCRCs services at Emory and Grady locations.

Sincerely,

Colleen S. Kraft, MD, MSc  
Director, Georgia CTSA Clinical Research Centers (GCRCs)  
1364 Clifton Rd NE Unit GG-23  
Atlanta, GA 30322
