

PILOT GRANT WRITING WORKSHOP

Monday November 10th

8:30 AM - 10:30 AM

Georgia CTSA
Georgia Clinical & Translational Science Alliance

EMORY
UNIVERSITY
SCHOOL OF
MEDICINE

Learn tips on preparing
a compelling pilot grant
proposal, understand
review criteria, improve
overall impact,
and more!

KEYNOTE SPEAKER

Camille Vaughan, MD
Emory University

Dr. Vaughan's research focus is to improve the management of lower urinary tract symptoms in older adults. She has demonstrated the feasibility and efficacy of pelvic floor muscle exercise-based behavioral therapy to treat urinary incontinence in older adults with Parkinson disease. She receives funding from the VA, NIH, and AHRQ.
