Co-Design for Health Equity: A safe+natal case study

December 10, 2024 @ 12:00 PM

Zoom Link: <https://t.ly/xofal>

Our guest speaker is **Rachel Hall-Clifford, PhD**, lead of the Emory Co-Design Lab for Health Equity. Rachel will describe the co-design approach and process used in her lab showcasing safe+natal, a low-cost toolkit designed with Guatemalan midwives to reduce maternal and infant mortality. The presentation will raise questions about the scalability of co-designed solutions.
