

## **ACTSI KL2 & BIRCWH K12 Grant Writing Workshop**

A light lunch will be served

Instructor: Janet Gross, PhD

Dates: December 1 and 8, 2015

When and Where: 11:00 – 1:00 pm; RSPH / CNR / Rm 3001

What: 2-class series (2 hours per session)

Who is this for? This grant writing tutorial is designed to provide in depth instruction for preparing two institutional K grants – 1) **ACTSI KL2 Mentored Clinical and Translational Research Scholars award**, and 2) **Building Interdisciplinary Research Careers in Women's Health (BIRCWH) K12**.

### Grant Submission Deadlines:

**ACTSI KL2** deadline: March 1, 2016

**BIRCWH K12** deadline: December 22, 2015 (Note that BIRCWH applies only to Emory Faculty)

**Junior faculty members at Emory University, Morehouse School of Medicine, and Georgia Tech who are planning to submit an application are eligible to register for this two-session workshop.**

The tutorial workshop will include didactic presentation, discussion, and Q&A. Participants will receive access to examples of successful KL2 applications and hands-on guidance for completing the various sections, including the new NIH biosketch format.

Significant time will be devoted to the overall strategy for preparing a successful ACTSI KL2 and BIRCWH K12 application. Specifically, we will address how to develop a strong “Future Plans for NIH Research” statement, writing a strong specific aims page, and presenting an appropriate and compelling mentoring team and career development plan.

*Those who attend the full series will be eligible for up to 5 hours of individual grant writing consultation on their application.*

### Who should attend?

This free, no credit series is open to all individuals who are eligible to apply for these awards. See eligibility at the KL2 Program's website: (<http://actsi.org/training/kl2/index.html>). Please note that according to NIH rules, *you cannot submit an institutional K and a NIH K-series career development award (e.g., K23, K01, K08) for the same review cycle.*

### How to apply:

Email Dr. Janet Gross ([jsgros2@emory.edu](mailto:jsgros2@emory.edu)) and Cheryl Sroka ([csroka@emory.edu](mailto:csroka@emory.edu)) the following information:

- Your name, position, department, school
- Title of your research study (draft is ok)
- Latest version of your NIH biosketch (Forms Version C “General” biosketch page) **See:** <http://grants.nih.gov/grants/funding/424/index.htm#biosketch>
