ATDC SBIR/STTR Office Hours

November 17, 12:00 – 1:00 pm, HSRB-II lobby

Join the Advanced Technology Development Center (**ATDC**) for SBIR/STTR Office Hours in HSRB-II's lobby. Developing new products and services is essential in today's world, yet many entrepreneurs and small companies struggle to secure the funding needed to move their innovations forward. If you're seeking support to turn your idea into a viable product, but have been told that it's unproven, too risky, or too early for private investment, non-dilutive federal funding through the SBIR and STTR programs may be a good fit.

Connie Casteel, ATDC SBIR/STTR Catalyst

Stop by to:

- Connect with ATDC representatives
- Learn more about available resources
- Gain insights into funding opportunities
- Enjoy light refreshments while networking
