

Speed Networking on Microbiome in Health and Disease

Learn. Connect. Collaborate.

Join faculty from across the Georgia CTSA for an energetic and dynamic virtual networking session!

Emory School of Medicine Interim Dean Carlos del Rio will emcee this event as researchers present their work in four minutes or less with the goal of seeking new collaborators. The event will also include a chance for a group discussion about collaborative approaches to these scientific questions.

Presenter slots are limited, so register early. Non-presenters are welcome to attend to learn about their colleagues' work and find new collaborators.

Topic: Speed Networking on Microbiome in Health and Disease

Who: Clinicians and researchers with an interest in Microbiome in Health and Disease

When: Tuesday, December 5 | 3:00 - 5:00 p.m.
